# WELCOME TO FRENZI

"Frenzi was created to improve the commuting experience ethically and sustainably for everyone involved in passenger commuting.

The app is centred to improve the driver experience provided, alongside the profitability for those working within the industry.

This is achieved through a variety of app features, a driver focused financial business model and the belief that our value lies in the people providing our service.

**Welcome to the future of passenger commuting... welcome to Frenzi!"**

# APP FEATURES

## PREFERRED DRIVER LISTING

We want you to benefit from your amazing customer service, helping you to develop your Frenzi business! Should you provide a pleasant commute, riders with your acceptance will be able to add you to their “preferred driver list”, meaning you can be notified earlier of their ride request and allow you to accept before other drivers.

All data is stored safe, and no details other than your rider and driver profile will be shared.

## ENHANCED SAFETY TRACKING, SUPPORT & FEATURES

Safety will always be at the heart of everything we do. Enjoy riding in comfort knowing that your chosen Frenzi contacts can see your live commute.

Feeling unsafe with your rider? One simple click on the app and our 24 hours support team will be able to track your live location and immediately contact you to notify the police if required.

If you are a verified female driver, you can request to accept female only riders. Alongside female riders being able to request a female driver specifically. We want both driver and rider to feel safe and comfortable during their commute! We want to encourage women to grow within this industry and knowing they can do so safely is and always will be a key focus of Frenzi.

## SUSTAINABLE RIDING

We can't change the world on our own, but we can all do our own little actions to help make a big change! Rider features allow them to request a preference of electric and hybrid vehicles to accept their commute request first. Knowing both you and your passenger are helping in your own small way to protect the planet.

# FINANCIAL BREAKDOWN & TERMS

## FINANCIAL BREAKDOWN

We don't believe in earning a percentage of every fare you earn, we simply want to provide a platform to connect you to customers in need of your services. Ensuring both driver and rider have a pleasant and safe commute.

# FAQs

## HOW DOES FRENZI DIFFER FROM OTHER TAXI APPS LIKE UBER?

Frenzi operates on a different business model compared to traditional taxi apps. We do not charge a percentage fee to drivers. Instead, drivers only pay a small 57p acceptance fee for each ride they accept. This allows drivers to keep more of their earnings and provides a fair and transparent pricing structure.

## CAN DRIVERS WORK FOR MULTIPLE TAXI APPS SIMULTANEOUSLY?

Absolutely! Frenzi allows drivers to work for as many taxi apps as they like. We understand that drivers may want to maximize their opportunities and income, so we provide the flexibility to choose multiple platforms without any restrictions.

## IS THERE A SUBSCRIPTION FEE FOR DRIVERS?

No, there is no subscription fee for drivers on Frenzi. We believe in empowering drivers by eliminating unnecessary costs, allowing them to focus on providing excellent service and earning a fair income.

## CAN RIDERS CHOOSE THEIR PREFERRED DRIVER?

Yes, riders have the ability to select their preferred driver. Our app provides driver profiles with relevant information such as ratings, reviews, and vehicle details, enabling riders to make an informed decision based on their preferences.

## WHAT IS THE SUSTAINABLE RIDING OPTION?

At Frenzi, we are committed to promoting environmentally friendly transportation. Our sustainable riding option allows riders to choose eco-friendly vehicles, such as electric or hybrid cars, for their journey. By selecting this option, you contribute to reducing carbon emissions and supporting a greener future.

## CAN I TRACK MY LOVED ONE'S JOURNEY?

Yes, Frenzi provides a real-time tracking feature that allows you to monitor your loved one's journey. This feature offers peace of mind and ensures the safety of your family and friends as they travel.

## ARE THERE DIRECT SAFETY LINKS TO THE POLICE?

Absolutely. Frenzi prioritises the safety of all its users. Our app includes direct safety links to the police, providing immediate access to emergency services if needed. Your well-being is our top concern, and we take every precaution to ensure a secure and reliable experience.

# FINANCIAL TERMS

## MINIMUM JOB ACCEPTANCE FEE:

Each city has a minimum amount that you'll make for any trip. Our app ride fare tariffs will work in conjunction with each UK licenced taxi borough fare rate. This makes sure your earnings reflect the effort you put in, even on short trips.

## PAYMENT TERMS:

Upon successful registration with the app (see page 8) your ride fares will be directly paid into your bank account set up with Frenzi.

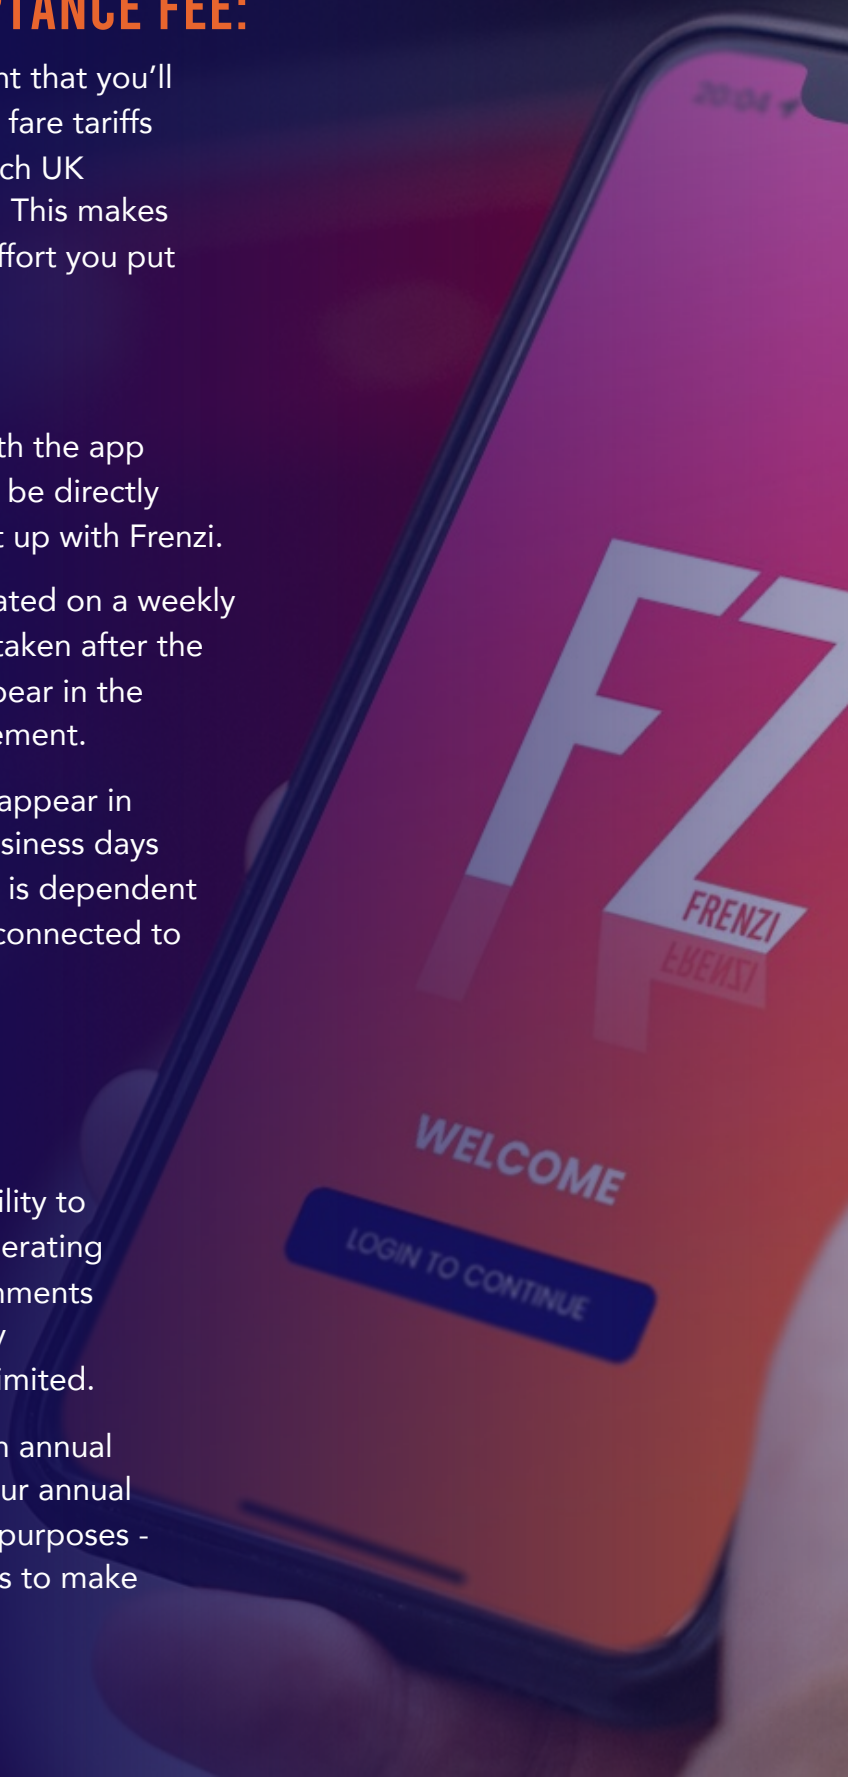

Automatic payments are calculated on a weekly cycle. This means that any trip taken after the end of the weekly cycle will appear in the following week's payment statement.

Weekly cycle payments should appear in your account no later than 2 business days after the cycle, please note this is dependent on the bank account you have connected to Frenzi Apps UK Limited.

## SELF ASSESSMENT & TAX DETAILS:

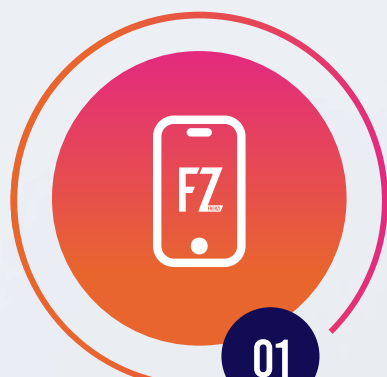

Please note it is your responsibility to ensure your VAT records are operating in accordance with your Governments regulations. You are not directly employed by Frenzi Apps UK Limited.

We will keep providing you with annual tax statements to assist with your annual self assessment for income tax purposes - and we will always look for ways to make this information more helpful.
